# ADVANCED AND PREDICTIVE ANALYTICS PILOT

Delta Bravo and Cisco Systems are offering a **fully-funded Advanced and Predictive Analytics pilot** for select manufacturers.

WHO IS DELTA BRAVO?

Delta Bravo turns mountains of manufacturer data into predictive models that increase throughput and quality while reducing waste and downtime.

We integrate these capabilities to fit your current processes, helping employees make better decisions faster. We deliver ROI-focused Industry 4.0 solutions for customers worldwide.

ROLLS ROYCE   JTEKT   NUCOR   AccuWeather   Rudolph Foods
TOYOTA   Gulfstream   SCHAEFFLER
Continental   BUTTERBALL   Atlas Copco

PREDICTIVE MAINTENANCE
SUSTAINABILITY & ENERGY MGMT
PREDICTIVE QUALITY
INCREASED THROUGHPUT
PREDICTING DEMAND & INVENTORY MOVEMENT

TARGET OUTCOMES

GO BEYOND THE "WHAT," GET TO THE "WHY"
Identify key influencers on specific production outcomes

SIMPLIFY DATA-DRIVEN DECISION MAKING
Save time, improve accuracy with automated processes

PREDICTIVE PROCESSES
Maximize data value with Machine Learning

BEST PRACTICE ROADMAP
How to scale quickly and cost-effectively

WHAT'S INCLUDED

TARGET OUTCOME WORKSHOP

• Best Practice process for identifying target Use Cases
• ROI and Feasibility Analysis
• Data Quality Analysis
• Pilot Deployment Plan

ADVANCED AND PREDICTIVE ANALYTICS PILOT

• Execute selected Use Case on Delta Bravo platform
• ROI Tracking over Pilot
• Production deployment plan
• Cost of Scale/ROI analysis
